LOCAL ITEMS.

—Loss.—On Thursday evening, April 1, a right-handed buckskin glove. Finder please return to the INSUREMENT office.

When you want a first-class suit of clothes, which for workmanship and quality of goods cannot be equalled, call and see E. E. Loosley. Prices are as low as the lowest.

—The board of relief ceased issuing tickets for lodging to tramps, on the 1st of April. Rather unpleasant for sleeping out Tuesday night.

—Attend the best. The St. Catharines Business College offers superior advantages to young men and women desiring to fit themselves for business life. Three full courses—the business course, the penmanship and shorthand. The teachers are thoroughly educated, practical and experienced. Chilly rates allowed to all entering for the spring term before Monday, April 6. Address W. J. Anger.

—We have been handed a small branch from a peach tree in the orchard of Mr. J. B. Osborne, Beamsville, which presents a very vigorous appearance, despite the roughness of the weather. There are three bunches of green leaves almost fully formed, and a beautiful pink bud coming out in bloom. This is prove positive that all the peach buds were not killed by the severe weather.

HAMILTON vitalized air perlers, D. T. Baxter, dentist, opera house block, corner James & Gore streets. Best sets teeth, \$8; cheap, \$6; filling at half the usual rates.

—We have been shown a letter addressed to Mr. Mursell, Lincoln house, Grimsby. It was part of the mail that was damaged on the steamer Oregon. On the back of the envelope was printed the following:— "This letter is a portion of the mail forwarded on the steamer Oregon. It was damaged before being taken from that vessel, which was sunk off Fire Island, on the 14th day of March, 1886.—H. N. Case, P. M., Hamilton.

—This is the season of the year that you should keep a bottle of Stovell's Cholera Mixture in the house. For sale at Greenwood's drug store, St. Catharines.

—Don't fail to attend the concert to be given by the literary society, on April 13. This will be their closing entertainment, and the society reserves the patronage of the Grimsby public.

If you need a hair, nail, or tooth brush, or anything in the brush line, call at Greenwood's drug store, St. Catharines.

—John More says there is going to be more snow. Let it come; we are prepared for the worst.

—Ed rides a handsome grey charger when he comes into the village in the evening; at other times he drives a pony and dog cart.

—On Tuesday, April 13, the literary society will give their grand closing concert. Best Hamilton, Toronto and talent.

—W. Forbes saved the town from being washed away during the storm, by throwing 3 gallons of oil into the lake.

—The Lomas family gave a concert in the rink last night. Everybody was well pleased with the performance. The singing and playing by the children were well received. The family will be at the rink to-night with a fresh program.

For the very finest photographic productions in Western Canada, go to Farmer Bros., 8 and 10 King street west, Hamilton. Bear in mind that Farmer Bros. have only one place of business in the city, and that he is at 8 and 10 King street west, next door to Drayton's fruit store.

—Parties wishing to hear some sweet music should go and hear the Lomas family, at VanDyke's roller rink. Admission only 15 cents. Read large bills.

—The committee on the Industrial Home has completed arrangements for building, and have advertised for tenders. They have purchased a good team and employed a competent man to work the farm this summer.

—See the communications on the public school question in another column.

CALL and see the new stock of tweeds, overcoatings, etc., at E. E. Loosley's. Suits made to order from \$13 up.

—The lecture by R. R. Matland, under the auspices of the Mechanics' institute, will be given in the town hall to-morrow night.

—The literary society holds its meeting Saturday night.

—The council meets next Monday night.

—A fine lot of goods, suitable for spring and summer suits, arrived at E. E. Loosley's.

—We are to have a new blacksmith, Mr. Cousse, of Smithville, intends moving where Mr. D. Black now is. Mr. Black intends building a place for himself.

—Tickets for the concert for sale at E. J. Palmer's.

Joseph Kusan, Percy, writes: I was induced to try Dr. Theodor E. Richter's Cure for a lameness which troubled me for three or four years, and I found it the best article I ever used. It has been a great blessing to me."

—Mr. Geo. Smith is shipping some of his baled hay.

—The funeral of Mrs. Golden passed through here on Monday.

—The snow storm seems to have dampened the spirits of the baseballists.

Mr. T. C. Wells, chemist and druggist, Port Colborne, Ont., writes: "Northrup & Lyman's Vegetable Discovery and Dyspeptic Cure sells well, and gives the best of satisfaction for all diseases of the blood." It never fails to root out all the diseases from the system, cures Dyspepsia, Liver Complaint, etc., purifies the blood, and will make you look the picture of health and happiness.

—The school board meets Friday night.

Information is wanted of Messrs. H. H. A. and D. V. They were seen going out of town arm in arm, like two loving brothers, the day before the storm, and have not returned since. Any person returning them to this office will be suitably rewarded.

There is now a printing office in Grimsby, yet notwithstanding this fact we see a written notice, asking for tenders for gravelling a certain piece of road, hanging in the postoffice.

We are cheered once more by the sleigh loads of laughing young damsels as they drive merrily by.

Hall's Hair Renewer renews, cleanses, and invigorates the hair, and restores faded or gray hair to its youthful color and lustre. People with gray hair should use the Renewer, and thus conceal from the world their bleached locks and advancing

—Parties who left their bathing suits at Mr. Kerman's bathhouse for safe-keeping can have them on application to Mr. H. Kerman.

—We have on our table two copies of the Advertiser, a new paper started in Creemore, Ont. We congratulate the people of Creemore on the establishment in their midst, of so useful an institution as a local paper. We also congratulate the publisher on the very liberal patronage of the community in the way of advertising. If the business portion of Creemore continue as they have started there is no fear of the success of the enterprise.

—We understand the Fruit Growers association intend ordering the stock for distribution on Saturday next. All persons who have not made their selection had better do so at once.

—Fitting boots and shoes cause corns. Holloway's Corn Cure is the article to use. Get a bottle at once and cure your corns.

—Mr. and Mrs. W. D. Kitchen returned last week from an extended visit to Bradford, Paris, London, Chatham and Detroit. Their trip must have been agreeable to them—judging from their looks.

—Do not fail to attend the concert on Tuesday evening next, in the town hall. It will be one of the events of the season.

—Rev. R. R. Matland will preach his second sermon on the "Incarnation," on Sunday night, in the Methodist church.

—Owing to the illness of Rev. Mr. Murray, Rev. Mr. Matland supple his pulpit, in the Muir settlement, on Sunday.

—Main street, in front of the foundry, is getting a new coat of gravel.

—Owners of offices, on Main street, intend charging hangers on rent from this date.

—The painters are busy at Mr. Doran's new house; it will soon be ready for use.

—Good boy, Eli!

—The Johnson-Roach wrestling match came off on Friday night, and was very unsatisfactory indeed. After a great deal of delay the men came out, both seeming in good condition; Johnson weighed 158 and Roach 196. The men took hold of each other, and Roach soon found out that he had tackled the wrong man; so he tried to foul. The referee called a foul and gave the fall to Johnson. In the second hold Roach again fouled, and Johnson was allowed the fall. In the third, the referee ordered Roach to take off his shoes, but he refused and left the rink, and would not return; the match was then given to Johnson. David Black, referee.

By lack of open air exercise, and the want of sufficient care in the matter of diet, the whole physical mechanism becomes impaired during the winter. Ayer's Sarsaparilla is the proper remedy to take in the spring of the year to purify the blood, excite the liver to action, and restore health and vigor.

Literary Society.

This society met on Friday night. The attendance was fair. Rev. R. R. Matland, president, in the chair. Mr. Mulloy gave a very interesting reading. The paper—"Excelsior"—was read, and proved to be very entertaining. The following contributed essays: Miss Peters, Messrs. E. Gilray and O. Teeter. The editorial contributions were spicy and well-timed. Miss (Lillian) and others also assisted in the program.

Communication.

Grimsby, April 6, 1886.

To the Trustees of Grimsby Public School.

Gentlemen:—Without prejudice to any other plan of providing increased school accommodation, I beg to make the people of Grimsby, through you, their trustees, the following offer, viz.—I will give and deed to the village one acre of land, at the south-east corner of my survey, upon which to erect a new school-house. This offer is dependent on this proviso—In the consideration of this offer, either by yourselves or by the people, I stipulate that the question be put entirely separate from any other question, and in this form, viz: Shall Dr. Alexander's offer be accepted? (Yea or nay.) I have the honor to be

Your obedient servant,

R. A. ALEXANDER.

Enterprise.

As announced in our issue of last week, E. J. Palmer's spring opening came off on Friday, and was in every respect the most successful ever made by this enterprising firm. The ladies responded to the invitations in a manner which must have been very gratifying to Mr. Palmer, and which plainly shows that his efforts to place before them a complete and well-assorted stock of fashionable dry goods and millinery is appreciated. The display in the main store reflected great credit on the enterprise of the proprietor, and is most conclusive evidence that in the selection of goods he is a connoisseur. The prints, dress goods, muslins, Chambray's and Gingham, in the new colorings and latest patterns, were specially attractive, and were displayed with good effect. The measure of attraction, however, was the millinery department, which is under the supervision of Miss Macdonald. Here, the display was particularly grand, and, judging from the complimentary remarks we heard on all sides, Miss Macdonald is to be congratulated; for she has evidently succeeded in captivating the hearts of the ladies with her elegant millinery, and she is apparently aware that nothing can awaken the interest of the fair sex like a "duck of a bonnet." The rush was so great that at times it was almost impossible to gain admittance to this department, and we are informed that the sales far exceed those of any former opening. We heartily congratulate this firm on their success.

WIND AND WAVE.

Damage and Destruction Done at the Docks.

Early on Tuesday morning a strong wind commenced to blow, accompanied by snow and sleet, and before noon it blew a perfect hurricane. The lake shore at Doran & Nelles' store house was a scene of disaster. The water was driven up 20 feet further than it was ever known to come, undermining the bank and carrying it away. Osrie Nelles' boat house was completely destroyed and carried off. Messrs. Brodie and Elch's boat house was smashed up and partly carried away, as was also Mr. D. Kerman's. The boats were saved.

The planks were torn off the pier and swept away, and the embankment and foundation at the north end of the store-house considerably damaged. Hand's boat house was swept away, and the ground was smashed up. The sight was grand and terrible. The water was lashed into a perfect fury by the wind, and struck the shore with a deafening roar. Old timbers that have lain on the shore unmolested for thirty years, were reached by the waves and carried off. Tuesday afternoon and night the snow continued to fall, until almost a foot of it lay on the ground, more than has fallen in any one time during the past winter.

On Wednesday there was sleighing, and the snow shovel was brought into lively use again. In the early part of the storm W. Walker's slaughter house was blown over.

Storm Notes at Other Places

GRIMSBY CAMP.—The planking was torn off the pier, and other damage done to

The storm did considerable damage at Tallman's piers on the lake shore near Beamsville. 500 bush. of wheat lost.

HAMILTON.—Several houses were unroofed. W. Barber, a fireman, was blown off a hose reel and badly injured. Murton & Reid's coal dock was washed away. Several vessels were torn from their moorings and considerably damaged by pounding on the shore and against the spiles. A number of boat houses were damaged or entirely destroyed. The track of the N. & N. W. on the Beach was washed away and traffic stopped.

LONDON.—Terrible wind and snow storms. Street car traffic paralyzed. Traffic on the Southern division greatly retarded.

PETROLIA.—From 12 to 13 inches of snow fell on Tuesday.

BRANTFORD.—Snow drifted 3 or 4 feet deep. Travel stopped.

OAKVILLE.—The damages to the boat-houses, etc., amount to several thousand dollars.

GUELPH.—The greatest wind storm, in the recollection of the oldest inhabitants of Guelph. Several buildings were unroofed, among them being Wm. Bell & Co.'s organ factory. It was one of the largest roofs in the city, and was lifted in two sections, one part going clear over the Mercury printing office; the other being carried out on the street. The engineer and fireman were injured by a falling chimney.

TORONTO.—Terrible wind storm, driving clouds of dust ahead of it, and almost blinding people on the streets; ice and sleet followed. Business almost at a standstill. The street cars were greatly impeded by the damp snow, which clogged up the rails. Considerable damage was done, and not a few people injured by falling scaffolding, etc. Some damage was done by the water at Hanlan's Point, and along the water front of the city.

Excelsior.

THE INDEPENDENT.

Excelsior begs to acknowledge its indebtedness to its village contemporary, for its frequent kindly mention of our Literary, and also the publication of some of the able essays that have been a pride to us to publish. THE INDEPENDENT deserves the patronage of Grimsby public, and lost our complimentary references be regarded as a circulating decimal, once for all let it be known that we wish it and its energetic editor the longest life and largest success.

FRESH AIR.

In order to enjoy the highest degree of happiness it is necessary to enjoy the highest degree of health. Perfect health cannot be enjoyed unless all the impure blood in the body be properly changed.

As this change is effected by the action of the air in the lungs, we can all see how necessary it is that the element be pure. In crowded rooms, such as churches, schools, etc., too much care cannot be taken to admit fresh air. How many people there are among us, who have a perfect dread of a little air and sunshine penetrating their rooms, for fear of fading their carpets, or perhaps airing their furniture, but these persons we generally find restless or disagreeable in consequence, or are always complaining of languor and headache.

No room is well ventilated unless as much pure air is brought into it as the occupants breathe at every respiration, and this pure air should be constantly coming in.

The amount of fresh air that steals its way in through the crevices around doors and windows, except in rare instances, is not sufficient; there should be an aperture near the floor to connect with the external air. The writer remembers a few notable exceptions, chief among which is a room at the Queen's hotel, in the Rocky mountains, where a gentle zephyr came in through a crevice in the wall, and carried off the quilt, and then came back for the sheet.

Nothing has a more beneficial effect upon the temper and feelings than an abundance of exercise in fresh air. There is nothing like a good breezy climb up Grimsby peak for instance, to cure an attack of the blues, and if this were the daily habit of our boys and girls, bright sunny faces would be the rule rather than the exception. If this simple panacea of fresh air would dispel, even in a slight degree, the gloom which pervades the countenances of so many of our young people, even in our social gatherings, it would amply repay the time thus spent.

To Dyspeptics.

The most common signs of Dyspepsia, or Indigestion, are an oppression at the stomach, nausea, flatulency, water-brash, heart-burn, vomiting, loss of appetite, and constipation. Dyspeptic patients suffer untold miseries, bodily and mental. They should stimulate the digestion, and secure regular daily action of the bowels, by the use of moderate doses of

Ayer's Pills.

After the bowels are regulated, one of these Pills, taken each day after dinner, is usually all that is required to complete the cure.

AYER'S PILLS are sugar-coated and purely vegetable—a pleasant, entirely safe, and reliable medicine for the cure of all disorders of the stomach and bowels. They are the best of all purgatives for family use.
